

## All Asia Asset Capital Limited

(“AAA” or the “Company”)

The following information is provided by the AIM Market of the London Stock Exchange

### Price Monitoring Extension

Today's closing auction call period has been extended in this security by 5 minutes.

Auction call extensions give London Stock Exchange electronic order book users a further opportunity to review the prices and sizes of orders entered in an individual security's closing auction call before the execution occurs. A price monitoring extension is activated when the matching process would have otherwise resulted in an execution price that is a pre-determined percentage above or below the price of the most recent automated execution today.

The applicable percentage is set by reference to a security's Millennium Exchange sector. This is set out in the Sector Breakdown tab of the Parameters document at [www.londonstockexchange.com/tradingservices](http://www.londonstockexchange.com/tradingservices)
